Giraffes.....	13-15
All Finished.....	15
Clean Up.....	16
Visit Again.....	17

ENTER THE ZOO

When we enter the Zoo, we will follow signs to Giraffe Ridge.

WAITING IN LINE

Feeding the giraffes is something a lot of people like to do, so we may have to wait our turn to feed them. We will try to be patient. A Zoo employee will tell me when it is my turn to enter.

PAYING FOR LETTUCE

When it is our turn to feed the giraffes, we will meet a Zoo employee that will help us pay for the lettuce the giraffe eats.

WASH OUR HANDS

We will wash our hands at the Handwashing Station so we can keep ourselves and the giraffes safe. Let's stay safe and healthy!

WAITING TO FEED

After washing our hands, we will wait until a Zoo employee tells me it is my turn. The Zoo employee waiting with me can answer any questions I have about the giraffes we are feeding today.

QUESTIONS I CAN ASK

I can ask questions about the giraffes that I am feeding. Some questions I can ask are:

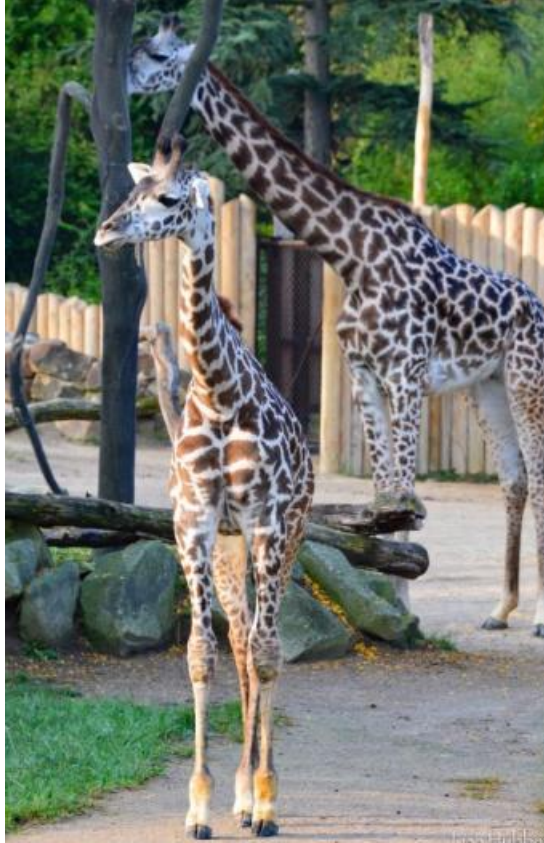

How much lettuce does a giraffe eat in one day?

What is a giraffe's favorite food?

How long is a giraffe's neck?

What are the giraffes' names?

QUIET VOICE

I will try to use a quiet voice so that I don't scare the giraffes.

MY TURN

When it is my turn, a Zoo employee will let me know.

LISTEN

I must listen carefully to the Zoo employee because they will give me instructions on how to feed the lettuce to the giraffe.

GIRAFFES

Giraffes are super friendly! They may accidentally lick me with their tongues (we call that a Giraffe Kiss) and that is okay. They might also burp or sneeze! They might also be a little smelly.

We cannot touch the giraffes to keep them safe.

GIRAFFES

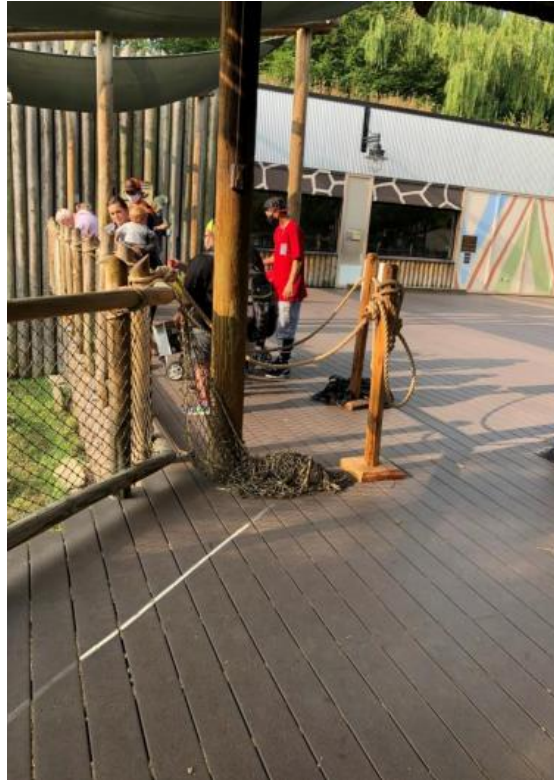

If I am too short for the railing, I can feed the giraffes through the netting.

GIRAFFES

Sometimes the giraffes get distracted and I may have to wait for them to come over to where I am standing to feed them. I will wait patiently for them.

ALL FINISHED

When all our lettuce is gone, we will follow the signs to exit the giraffe feeding area.

CLEAN UP

After we have exited the giraffe feeding area, we need to wash our hands again at the Handwashing Station.

We can see other parts of the Zoo if we want to.

VISIT AGAIN

Everyone is so proud of my when I follow the rules and have a good day at the Zoo!

I might want to come back to the Cincinnati Zoo & Botanical Garden again another day!
